Testing Information

Who Can Test?

Military members, military spouses and DA civilian employees - are eligible for free DANTES and CLEP testing. Also, military members may be eligible for testing or reimbursement for ECE, ACT, SAT, GRE, GMAT, LSAT, Praxis, and many certification and licensure examinations. You can find more information about these testing opportunities at http://www.dantes.doded.mil/ or by contacting the WVARNG Education Officer at 304.561.6366.

Where can they test?

There are two Military testing sites in West Virginia (130th AW and JFHQ) where military members, DA civilians, and military spouses can test for free. There are also numerous national testing centers around the state (usually in colleges and universities) where CLEP tests are administered by electronic computer-based testing (eCBT). National Test Centers can be located using the National Test Center Search Website.

There is a test scheduling fee of $15-$25 at National Test Centers, but the $55 cost per test is covered by DANTES. The advantages of eCBT testing include same-day scoring and better accessibility. 30 of the 44 CLEP tests are offered only through eCBT.

Are study guides available?

Study guides are available for every test that is administered through the Army education office. Many of these are now available online at www.petersons.com/army . You may also view DANTES (DSST), Excelsior (ECE), and CLEP study guides by clicking on the links below:

- DANTES (DSST)
- Excelsior (ECE)
- CLEP
- Additional Study Guides

What happens if I fail?

There is no penalty for failure of a CLEP, DSST, or ECE test other than you must wait 180 days before you retake the same test. There are 323 college hours that can be passed through testing, so this is a really great benefit that is often underutilized.

Other VA Benefits

Federal Benefits for Veterans and Dependents - A listing of all VA ben

The 2005 edition of this booklet lists the variety of federal benefits available to veterans and their dependents. Selecting the link above will take you to a PDF version of the booklet. VA's Office of Public Affairs (OPA) maintains this booklet. You may also wish to review other features of the OPA web site by clicking: http://www1.va.gov/opa/

Veterans Educational Assistance Program (VEAP)

VEAP is available if you first entered active duty between January 1, 1977 and June 30, 1985 and you elected to make contributions from your military pay to participate in this education benefit program. Your contributions are matched on a $2 for $1 basis by the Government. This benefit may be used for degree and certificate programs, flight training, apprenticeship/on-the-job training and correspondence courses. Remedial, deficiency, and refresher courses may be approved under certain circumstances

National Call to Service

This National Call to Service Incentive program requires a participant to perform a period of national service to be eligible for benefits. It is a Department of Defense program that is administered by VA.

Accelerated Payment for MGIB-AD

Tuition Assistance “Top-Up”

On October 30, 2000, the President signed into law an amendment to the Montgomery GI Bill - Active Duty education program that permits VA to pay a Tuition Assistance Top- up benefit. The amount of the benefit can be equal to the difference between the total cost of a college course and the amount of Tuition Assistance that is paid by the military for the course.

Licensing and Certification

You can receive reimbursement for licensing and certification tests you take on or after March 1, 2001. These tests must be specifically approved for the G.I. Bill. VA can pay only for the cost of the tests and not other fees connected with obtaining a license or certification.
